FIRE AND RESCUE

CARL HARR

National Sales Director, LiquidSpring

LiquidSpring is proud to provide the most advanced suspension system for fire and rescue trucks. With over 12 years of experience serving emergency responders, we are committed to enhancing vehicle capabilities, improving driver and passenger safety, and increasing the lifespan of your fleet.

Our suspension system is designed for reliability and security, and is the top choice of OEMs for upgraded ambulance suspensions, trusted by 97% of Type 1 ambulances. We are honored to contribute to the life-saving work of First Responders, and we will continue to refine and enhance our suspension system to meet the unique needs of fire and rescue teams.

When it comes to wildland fires, having a reliable and safe suspension system can make all the difference in keeping your team and your equipment safe. Join us in experiencing the LiquidSpring difference.

LIQUIDSPRING IS DRIVING INNOVATION.

SHORTCUTS

Quality of inputs + mastery of process = constant improvement.

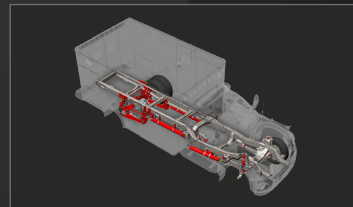

Whatever ride you choose,
THE CHOICE IS LIQUIDSPRING.

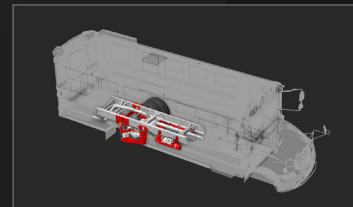

RECREATIONAL VEHICLE

ADVENTURE TRUCK

EMS, FIRE & RESCUE

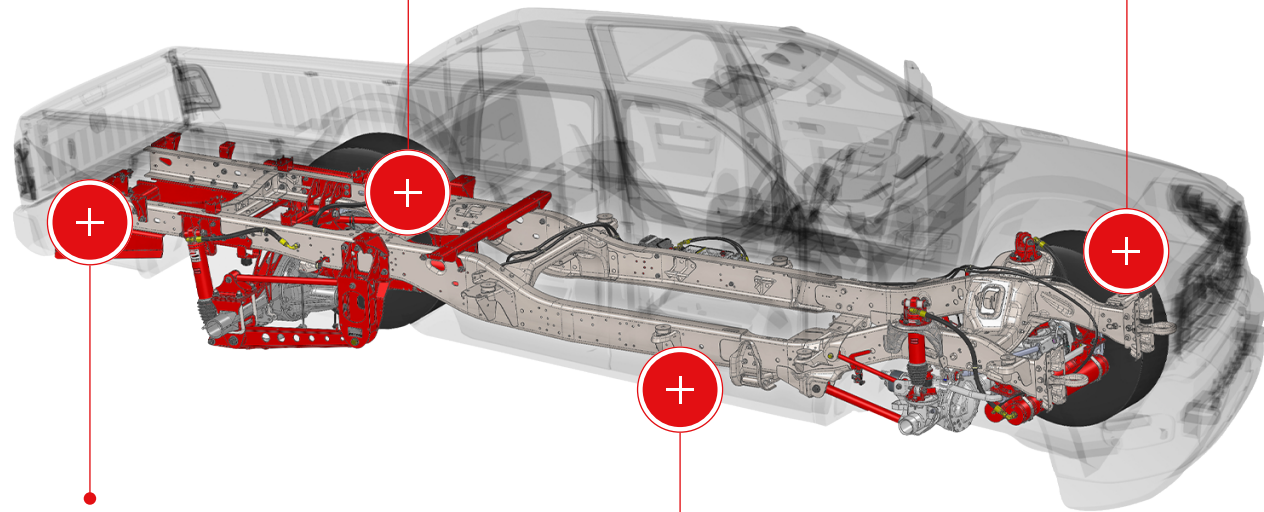

MOBILITY

AN ACTIVE SUSPENSION TO MAXIMIZE EVERY MOMENT

• HELLO, MCFLY!

Roads are optional, but a quality ride at any speed, on any surface comes standard.

IMPROVISE. ADAPT. OVERCOME.

Raise & kneel your rig while in motion to maneuver your evolving environment.

• NO ONE LIKES A CHATTERBOX.

Minimal vibrations = Maximum
Lifespan = The Ultimate Brushtruck.

PUSH YOUR LIMITS, NOT YOUR LUCK.

You can rely on LiquidSpring in any climate, at any altitude, and over any obstacle.

HOW DOES IT WORK?

Our 5-link structure is directed by an onboard microprocessor that simultaneously monitors speed, steering, braking, and ride height 1000x per second using a proprietary compressible fluid as the spring mechanism to provide the optimal ride and handling characteristics at all times.

RESPONSIVE RELIABLE REVOLUTIONARY

Grab life by the wheel with LiquidSpring!

WHY LIQUIDSPRING?

BECAUSE YOUR TRUCK IS BUILT DIFFERENT, AND SO ARE WE

Every call presents unique challenges for you and your vehicle—how will you meet them with LiquidSpring?

BECAUSE THE UNKNOWN ROAD CAN LEAD TO THE ULTIMATE CHALLENGE

Rigorous capability and material testing ensures your truck will be able to access and endure any environment.

BECAUSE SOMETIMES THERE'S NO TIME TO PARALLEL PARK

Earth-leveling makes nearly every point on the map a place you can park your truck and spring into action.

BECAUSE YOU APPRECIATE SOMETHING DONE WELL

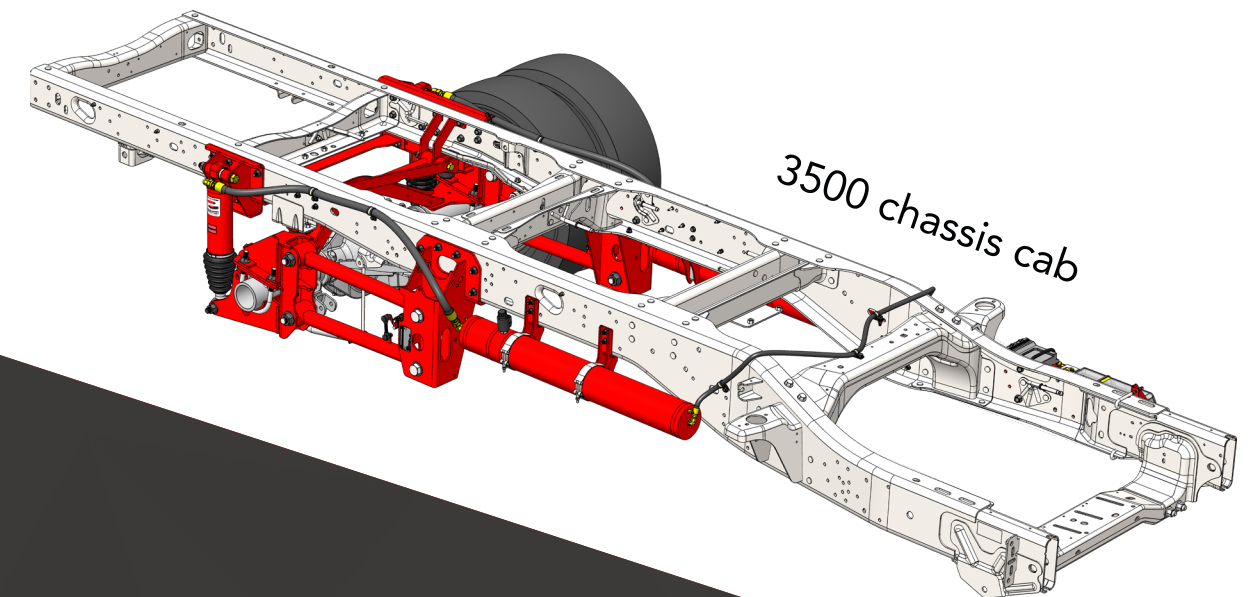

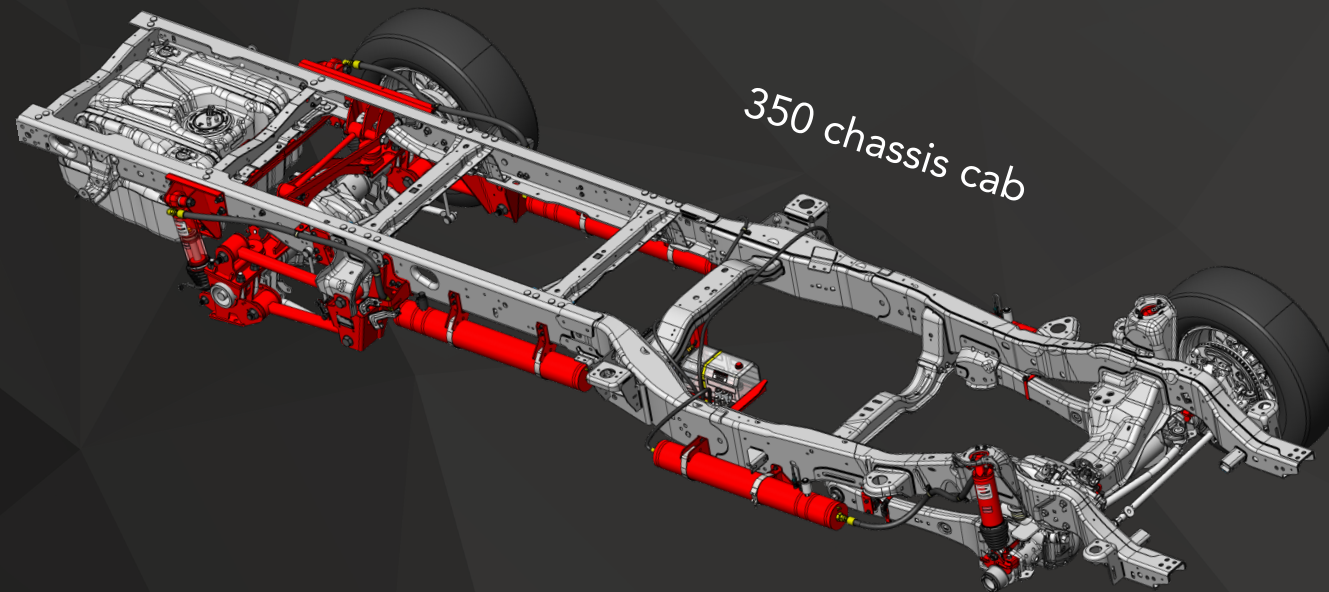

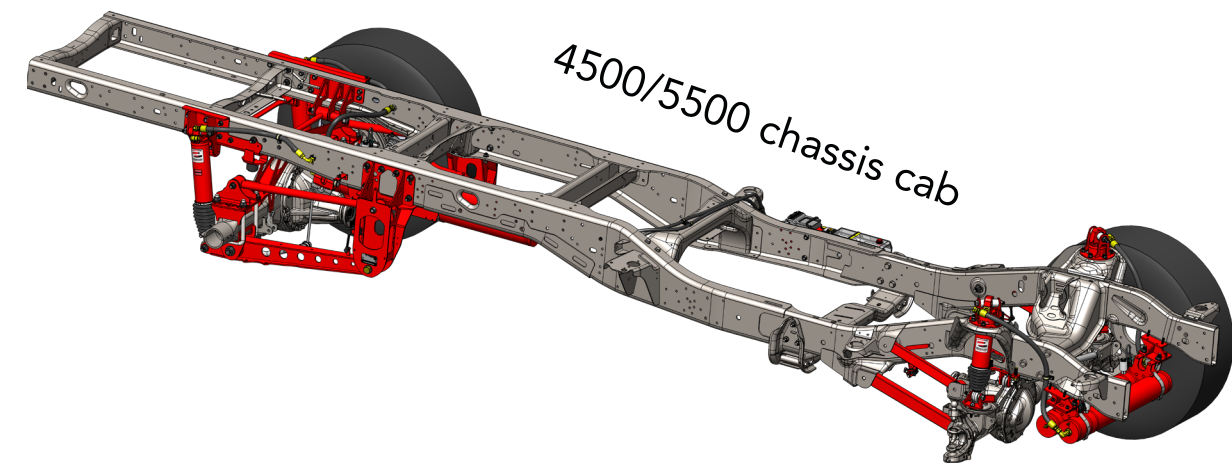

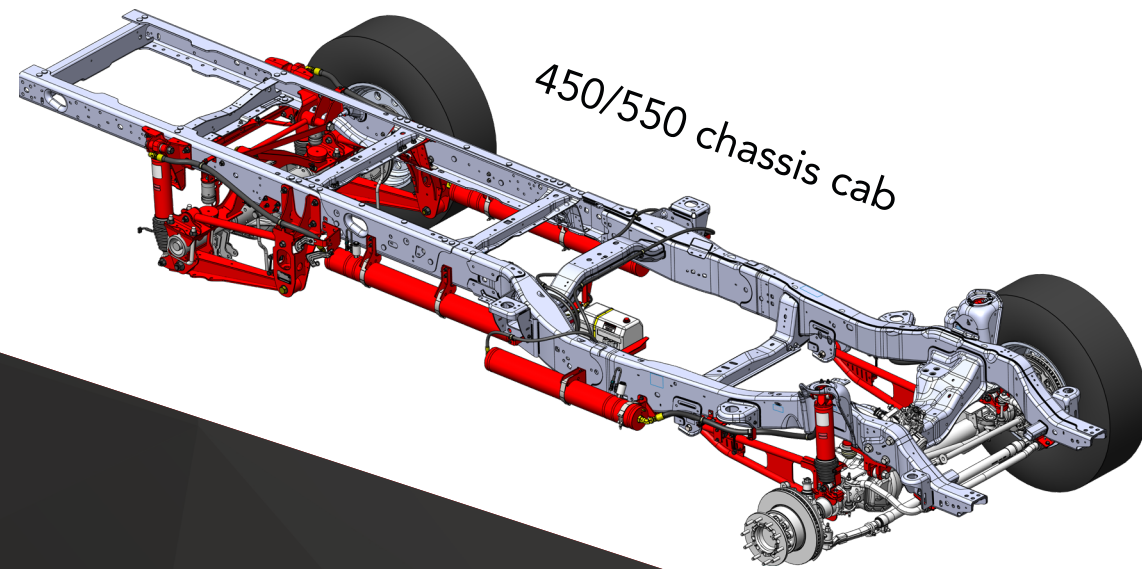

Designed, developed, and distributed using lean manufacturing and Six Sigma process management.

BECAUSE NECESSITY IS THE MOTHER OF INVENTION

The human need to go, do, and conquer is what drives us to constantly look for better ways to move the people who protect us all.

RAM

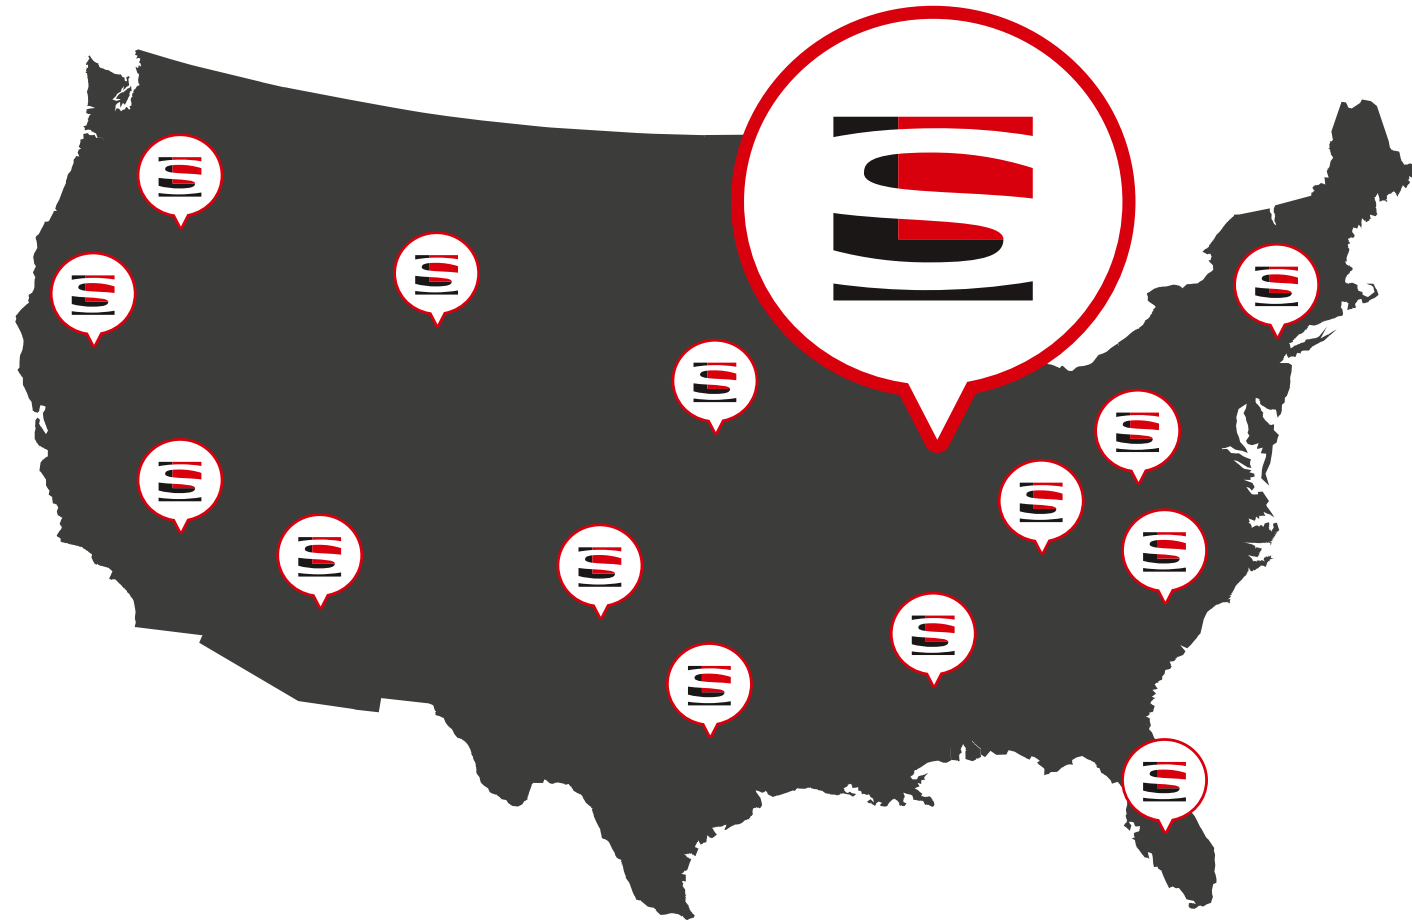

All available for various heights:
leveling kit*, 2" lift, 4" lift

*All kits come with full-suspension, struts, power module,
and controls to balance the height between the front and rear ends
of your truck.
